

Hardback (PPC) Cover Guide

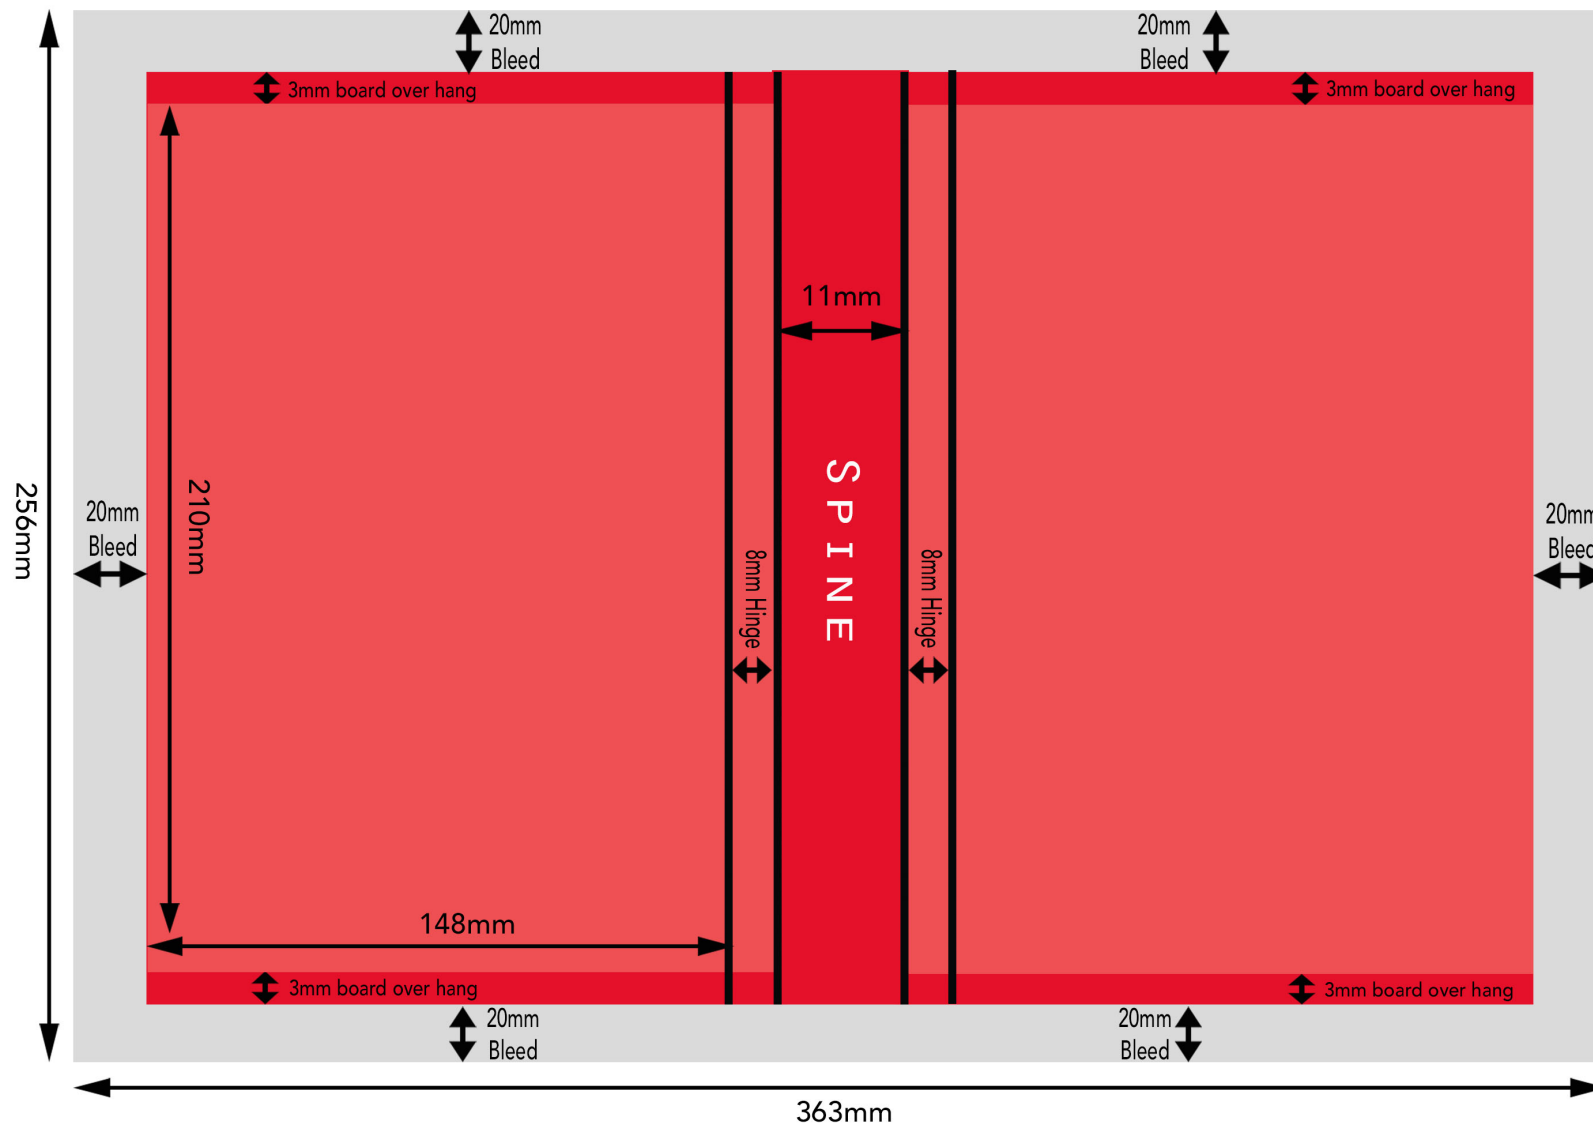

For a hardback with a printed paper case (PPC) we require a PDF of the front cover, spine and back cover all as one piece, like the diagram below.

Cover width= 20mm + text width + 8mm + spine width + 8mm + text size + 20mm

Cover Height= 20mm + 3mm + text height + 3mm + 20mm

20mm is added to each edge of the cover for the bleed and wrap around.

You can find your spine width on your quote/ order form.

The diagram on the left shows an example of an A5 size (210mm x 148mm) PPC hardback with a 11mm spine.

Calculations for the example are:

Cover Width

$$363 = 20 + 148 + 8 + 11 + 8 + 148 + 20$$

Cover Height

$$256 = 20 + 3 + 210 + 3 + 20$$
